

## TABLE OF CONTENTS.

	Pages
Introduction.....	[1]
CHAPTER I. The making of colors.....	[6]
Section I. Preparation of the aluminum serving to give body to the colors.....	9
Section II. The dissolution of tin.....	10
Section III. Methods of making the colors.....	10
I. The red and violet colors.....	10
a. No. 1. Red lakes.....	10
No. 1. Carmine lake .....	10
No. 2. Red lake made with Pernambuco wood.....	12
No. 3. Red lake .....	12
b. Violet lakes.....	13
No. 1. Violet lake.....	13
No. 2. Violet blue lake .....	14
No. 3. Violet, lake, called bronze.....	14
II. Yellow colors .....	15
a. Yellow lake.....	15
b. Chrome yellow.....	17
No. 1. Canary yellow.....	17
No. 2. Lemon yellow .....	18
No. 3. The color of gold.....	18
III. Blue colors .....	18
a. Prussian blue.....	18
b. Mineral blue .....	21

c. New-style blue imitating ash blue.....	22
d. Paris blue or ash blue.....	22
IV. Green colors.....	23
a. Schweinfurt green.....	24
b. Scheele's green.....	25
CHAP. II. The preparation of hide glue, paste, and size for glazing.....	[27]
SEC. I. Hide glue.....	[27]
SEC. II. glue for pasting.....	28
SEC. III. Size for glazing.....	29
CHAP. III. The making of fancy papers.....	[31]
SEC. I. Description of the workshop for making marbled paper.....	32
SEC. II. Polishers.....	37
I. Description of the French polisher.....	37
II. The German polisher.....	39
SEC. III. The production of papers serving for the colors of marbled paper.....	40
SEC. IV. The making of marbled papers.....	44
I. The troughs for making Marbled papers.....	44
II. The sizes.....	45
a. Preparation of the sizes.....	45
No. 1. Gum tragacanth.....	45
No. 2. Psyllium gum.....	46
III. Substances and colors necessary for making marbled papers.....	47
IV. The different marbled papers.....	49
a. German marbled papers.....	49

b. English marbled papers.....	50
c. French marbled papers.....	50
No. 1. Papers appearing as Stone, or Turkish .....	50
No. 2. Partridge eye.....	58
No. 3. Tiger marble .....	60
No. 4. Schroëtel marble .....	62
No. 5. Large stone marble .....	63
No. 6. Broken marbles .....	64
No. 7. Polish papers.....	65
a. Simple patterns .....	66
b. More complicated patterns.....	66
No. 8. Champion marbled .....	67
B. English marbles .....	68
No. 1. Ordinary English marbles.....	68
No. 2. Combed paper.....	68
No. 3. Marbling the edges of books.....	71
C. French marbled papers.....	72
No. 1. Twilled paper.....	76
No. 2. Sliding paper .....	77
No. 3. Roundabout paper .....	77
No. 4. Agate papers .....	78
No. 5. Root-like papers.....	84
SEC. V. Monochrome papers.....	90
SEC. VI. Papers that are quilted, jaspered, or called marloborough .....	98
SEC. VII. Papers exhibiting the grain of wood.....	99
SEC. VIII. Granite papers .....	100
SEC. IX. Papers appearing like grains of barley .....	101
SEC. X. Satin-like papers .....	102

SEC. XI. Fire-glaze papers .....	110
SEC. XII. Morocco or goffered papers, water-silk papers .....	111
SEC. XIII. Papers for [artificial] flowers .....	112
SEC. XIV. Papers for roses of Naples .....	114
SEC. XV. Papers imprinted by woodblock.....	116
SEC. XVI. Fancy papers imprinted through lithography process .....	121
I. Execution of the design .....	122
II. Preparation of lithographic ink .....	124
III. The impression.....	126
IV. Preparation of the transfer ink .....	127
V. Preparation of the varnish for printing.....	127
VI. Preparation of the colors.....	128
VII. Mordants .....	131
VIII. The execution of transfers.....	131
SEC. XVII. Trocadéro papers.....	142
SEC. XVIII. Papers in imagery or saintliness .....	143
SEC. XIX. Paper that is gilded or silvered.....	144
SEC. XX. Metallic papers that have the appearance of watered-silk .....	146
SEC. XXI. False hides of a donkey.....	147
SEC. XXII. Artificial slates.....	147
SEC. XXIII. Metallic paper.....	148
SEC. XXIV. Paper for sketching in crayon.....	148
CHAPTER IV. Impressions à la Congreve .....	150
SEC. I. Description of the engraved Plates for the impressions of à a Congreve....	150
SEC. II. Preparation of the colors .....	151

SEC. III. Colors.....	152
SEC. IV. Printing.....	153
SEC. V. The printing of borders and frames.....	154
CHAPTER V. The varnishing of colored prints and fancy papers.....	157
SEC. I. Varnishing with gum-lac.....	157
SEC. II. Varnishing with gelatin.....	158
CHAPTER VI. The manufacture of sealing wax.....	160
SEC. I. Theoretical formulas.....	160
SEC. II. Utensils.....	162
SEC. III. First operation, or washing with turpentine.....	162
SEC. IV. Proportion of the ingredients for each commercial number or trade-mark.....	163
SEC. V. Manufacture up to No. 3.....	165
SEC. VI. Colored sealing waxes.....	169
SEC. VII. Sealing wax with ornaments, arabesques, flowers, etc.....	174
SEC. VIII. General rule.....	175
CHAPTER VII. The manufacture of sealing wafers.....	177
SEC. I. Sealing wafers from paste.....	177
SEC. II. Transparent sealing wafers.....	179
CHAPTER VIII. The manufacture of glue applied by mouth.....	[181]

CHAPTER IX. The manufacture of plumbago (black lead) pencils.....	[182]
SEC. I. Fabrication .....	184
SEC. II. Description of the drawing [or spinning] press .....	187
SEC. III. Baking the ore .....	189
SEC. IV. Mounting in wood .....	192
CHAPTER X. The manufacture of quills for writing, a paste size, and a drying varnish.....	199
SEC. I. Writing quills .....	[199]
SEC. II. The manufacture of paste glue that is very good and cheap.....	204
SEC. III. Drying varnish for bookbinders .....	204
CHAPTER XI. The manufacture of colored inks.....	[206]
CHAPTER XII. The manufacture of crayons..	[209]
SEC. I. The basis of pastels.....	[209]
SEC. II. Preparation of the soap and wax compound .....	211
SEC. III. Gum tragacanth .....	212
SEC. IV. Barley.....	212
SEC. V. Milk.....	212
SEC. VI. Colors .....	212
SEC. VII. General rules.....	[223]

CHAPTER XIII. Miscellaneous productions....	[225]
SEC. I. The preparation of gold and silver for painting .....	[225]
SEC. II. Tinner paper .....	[225]
SEC. III. The manufacture of boot polish .....	226
SEC. IV. The manufacture of glass and emery papers.....	229
SEC. V. The manufacture of cakes of India-rubber .....	232
